Purdue's classes gave me both the theoretical and applied sciences. I was able to understand both the fundamentals of economics and what was driving the observations we have in the real-world and then to look at data and apply it to my job every day."

**ERIC GIBSON**  
MS Economics '24  
Senior Director, Better City

# SUCCESSFUL

## STUDENT ATTRIBUTES

### TRUE GRIT

Daniels School students unlock their full potential during their academic journey. Challenges reveal the mettle of a Boilermaker. Our students are tenacious and can be relied upon to see a job through, all while balancing their studies, work and family life.

### PIONEERING SPIRIT

At the heart of Purdue University is a passion for discovery, fueled by an entrepreneurial spirit. Daniels School students blaze their own paths, never settling for the status quo.

### INITIATIVE

We look ahead and forever move forward. Daniels School master's students apply classroom learning and newly developed skills to their professional development plan and their workplace, creating value for themselves and their companies long before graduation.

### THE "IT" FACTOR

Moxie? Check. Magnetism? Check. Charisma that demands attention? Check.

### ENRICHING CONTRIBUTOR

Daniels School students enrich the school and their cohort, elevating the learning experience for all. Here, diversity transcends ethnicity or gender into realms of thought, industry and academic background.

### EMOTIONAL INTELLIGENCE

Great leaders communicate effectively and with great empathy. Daniels School students are great leaders in training who learn to manage themselves and their relationships with self and social awareness, upping their Emotional Intelligence Quotient (EIQ).

### PROBLEM-SOLVING SKILLS

At the Daniels School of Business, we roll up our sleeves and dig deep into a problem. Success requires us to approach questions from a variety of angles, combining a solid academic foundation with a flair for the creative. And we are successful.

“I had a son in the second year of the program. Everyone was very considerate of the challenges I faced at that time. The community feeling also helps with approaching faculty with different research ideas.”

**SAMEER BORWANKAR**  
MS Economics '20  
MBA '12, PhD '22  
Assistant Professor, McGill University

## FACULTY HIGHLIGHT

**RALPH SIEBERT**  
Professor of Economics

- PhD, Economics, Humboldt University (Berlin)
- MA, Economics, Humboldt University (Berlin)
- BA, Business and Economics, Free University, (Berlin)

Purdue University's MS Economics program is designed for professionals from a wide range of backgrounds. It aims to enhance students' ability to analyze data and to evaluate, optimize, and forecast economic and business outcomes. The program introduces cutting-edge statistical tools and empirical methodologies. While the program is more quantitatively oriented, the program also provides flexibility and resources that enable students with less quantitative backgrounds to develop the necessary skills to succeed. Rewarding outcomes await our graduates. Alumni have established careers in the financial sector, public policy, public sector, academia, and many other fields.”
