

HUMAN RESOURCE MANAGEMENT

MASTER OF SCIENCE IN HUMAN RESOURCE MANAGEMENT

The Online Master's in Human Resource Management (MSHRM) program is a 2-3 year program targeted towards working professionals seeking to advance their careers by developing HR knowledge, skills and abilities. Designed by the same faculty members from our top-ranked in-residence MS Human Resource Management program, the program allows you to complete the degree from anywhere, at any time, on your time with high flexibility in the pacing and sequencing of the proposed courses. With a strong core of HR content in areas such as Human Capital Strategy, Talent Acquisition, Talent Management, and Compensation & Rewards, the program ensures that you will develop skills to work in cross-disciplinary teams and across functional boundaries. You may supplement HR-specific coursework with free elective courses such as Intellectual Property Strategies, Strategic Management, and Financial Management. Upon completing the program, you will be prepared to pursue a variety of career paths including HR, Organizational Effectiveness, Organizational Design, and Change Management.

HUMAN RESOURCE MANAGEMENT

University HQ, 2024

Even though it's an online program, the Daniels School has done a great job of putting a system in place where we're able to have a collaborative experience."
